Our Social Work team is a vital part of the **Supportive Care Service**, working alongside patients, their family and carers. We are a small, dedicated team of social workers and a social work assistant.

## When may we get involved?

Where a patient has a progressive life limiting condition, is under the care of St Margaret's Hospice Care and they, their family and/or carers require social work assessment, advice and support.

## What We Offer

We provide **emotional, practical, and social advice and support** to patients, their families and carers during challenging times.
